

SAO SATTYA
Phnom Penh Tour Guide

Satty is a long standing permanent guide with exceptional knowledge. Being familiar with Phnom Penh city's streets and lanes filled with local food houses, stores and unique personalities, an urban trek through the streets of Phnom Penh will offer guests an insider's perspective on life within the capital city today.

MAO VUTHY
Phnom Penh Tour Guide

Vuthy is not only fluent in English, but French certified too. After working as Chief of National Museum Tour Guides, Vuthy offers Trails of Indochina's guests his knowledge of the past and present day in Cambodia. Another passion for Vuthy is exchanging stories of the world with guests and keeping up with world news and events.

CHEN SOKHOEUN
Siem Reap Tour Guide

Chen is a very cheerful guide who has been part of our permanent team for the past 6 years. Chen never fails to entertain people and as a family man he has lots to talk about. His understanding of the history of his country comes to life at the temples. He loves to take people to the streets of Siem Reap and introduce them to try the delicious Amok Fish speciality.

WONG KIM SIEM
Siem Reap Tour Guide

Kim Siem has proudly been working with Trails of Indochina since 2005, a veteran of tourism, he's been in the industry for over 20 years and is one of our most senior guides. During his time, Kim Siem enjoys reading travel literature and biking around Cambodia's beautiful countryside. He is a very dedicated guide who likes to tell our guests about his country, its culture and history to give them a better understanding of its people.

BUN BORIN
Siem Reap Tour Guide

Another long serving guide, Borin has been with Trails of Indochina for 7 years and loves meeting international guests. Borin loves to share his knowledge and passion for Khmer traditional culture and civilization and in particular, enjoys active style tours taking guests on bike rides around the ancient Temples of Angkor; and when not working, his favourite past time is playing football with friends in the local field.
