Luang Prabang

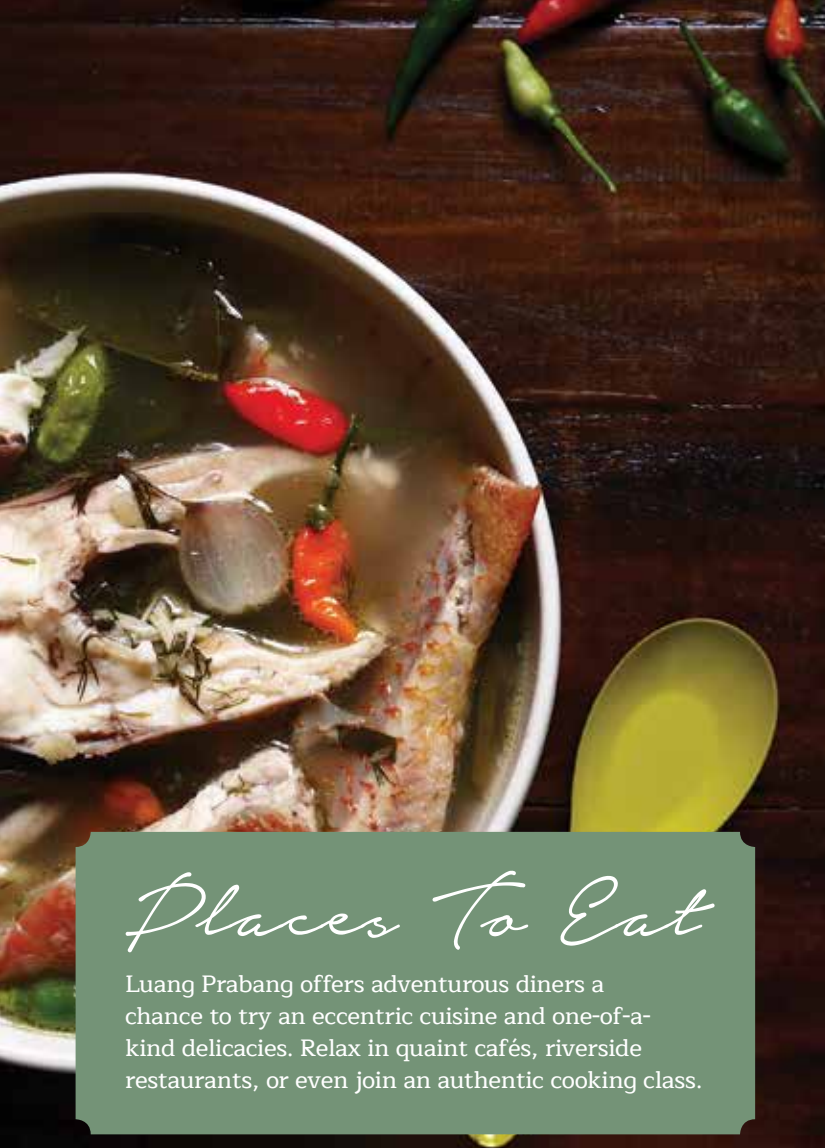

LAOS POCKET GUIDE

The second largest city in Laos, Luang Prabang is often referred to as 'sleeping beauty' for its quiet nature

A sleepy town nestled in a mountain valley at the confluence of the Mekong and Khan rivers in north-central Laos, Luang Prabang is considered the centre of Lao culture. Well-known for its landscape endowed with picturesque palm-lined riverbanks, ornate golden temples, and ancient monuments, it is a city lost in a simpler time.

Among the backdrop of the towering Mt. Phousi, it is no wonder that UNESCO declared Luang Prabang as a World Heritage Site in 1995. Nearby attractions include the Pak Ou Caves, which house thousands of Buddha images, Kuang Si Waterfall, and several cotton and silk workshops.
